TEXAS
Health and Human
Services

Texas Department of State
Health Services

Action Item Request and Purpose

- Please provide a **single**, clear and concise statement defining your action item request:
 - Request the 3 simulations approved by the Pediatric Committee be approved by the GETAC Executive Council
 - Requests that the simulation cases are posted to the DSHS website following final formatting.
 - Request data regarding out of hospital pediatric cardiac arrests to include age and location with ROSC and death.
- In **one** clear and concise statement, please explain the purpose for this request:
 - To move forward with publication of pediatric simulation cases
 - To assist with identification of out of hospital pediatric cardiac arrests associated with sports.

Benefit and Timeline

- What is the intended impact or benefit resulting from this request?
Please provide a clear and concise response in a single statement.
 - Improving pediatric outcomes through the utilization of pediatric simulation in designated trauma centers in Texas.
 - Creating an educational and resource toolkit for parents, schools, and athletic programs regarding OHCA related to sports.
- Please provide the timeline or relevant deadlines for this request.
 - June 2024
 - August 2024
 - November 2024
