Health and Safety Code, Section 442.053 outlines the requirements for drugs to be donated in the Prescription Drug Donation Program. All of the boxes below must be checked for the drug to be qualified for donation:

- The drug is in its original, unopened, sealed, and tamper-evident unit-dose packaging (a drug packaged in single unit doses may be accepted if the outside packaging is opened but the single unit-dose packaging is unopened);
- The drug is a not a controlled substance;
- The drug is not adulterated or misbranded;
- The drug has been stored in compliance with the drug's product label;
- The United States Food and Drug Administration does not require a risk evaluation or mitigation strategy
- The drug has not been paid for by Medicaid.
