

TYTAP Instructor List B

This list is current as of 12/13/2024 and includes licensed TYTAP Instructors in Texas approved to conduct virtual classes. You can contact the instructors on List B if you were unable to locate an instructor in your county or in a county near you on List A. Approved TYTAP classes are only conducted by trained instructors (individuals) with an active State of Texas TYTAP license.

Virtual classes offered by any individual or entity besides those listed here are not valid and the court might not accept a Certificate of Completion from an uncertified organization, instructor, or website. Please email Tobacco.Free@dshs.texas.gov and refer to Texas Health & Safety Code, Sec.161.253 for more information.

Please Note: For specific instructors, opportunities for Spanish courses may be available.

Virtual Courses
